

FINANCIAL POLICY

Insurance:

The patient's portion of dental fees and/or any applicable co-pays are due at the time services are rendered. Patient's portion of fees is an estimate only and may be more or less depending on individual dental coverage. As a courtesy to our patients we allow 30 days, interest free, on your account for the processing of insurance claims. After 30 days, a finance charge may be applied to your account. Once an insurance claim has paid, any outstanding balance is the responsibility of the patient and/or guarantor.

Cancellation Policies:

In order to keep costs low, and in turn your dental fees low, we require a 24 hour notice for all cancellations or changes in your appointment. If an appointment is missed or cancelled we reserve the right to charge \$75, which must be paid before we can schedule you again.

Service Charge:

If you do not pay the entire balance within 30 days of the monthly billing date, a late charge may be added to the account for the current monthly billing period. The late charge will be a rate determined by the office and Doctors per month and shall be applied to the last month's balance.

Emergency Visits/Warranty:

We understand that dental emergencies are often not planned for and can be costly. To help eliminate to need for emergency treatment and to guarantee our work you must keep up with regular periodic cleanings, exams, and x-rays.

Payments:

In case of default of payment, I promise to pay any legal interest on the balance due, together with any collection cost and attorney fees incurred to affect collections of this account or future outstanding accounts.
